Re: Mr. Alan Ryono

To whom this may concern,

I am an obstetric and gynecologist practicing in Los Angeles since 1982.

After working with various billing services, I was introduced to Alan and his father over 30 years ago. Their service is reliable, prompt, professional and fair. I could not find one bad thing to say about them. This applies to all the years they have been helping my practice.

Please contact me should you have any questions.

Sincerely,
